

Would you like to serve your u3a?

Trustees: We currently have vacancies for two trustees. It would be great to find people who would like to be involved in overseeing what we all do, and contributing ideas and actions to our u3a.

Mandala

Following previously mentioned items, we are now hopeful of forming a group potentially looking at a wider range of pattern art subjects, including Zentangle, Neurographic Art, just doodling or just creating patterns.

All are relaxing forms of art and require only pencils, pens, markers etc and possibly a geometric compass but none requires special equipment to get started.

If this appeals to you as a possible topic, please contact David Grigg (davidgriggs3a@gmail.com) in the first instance.

At the Summer Solstice

At the height of the Sun's bright reign,
We stand between the earth and sky.
The ancient trees bear silent witness,
The hills remember, the rivers reply.

Light fills the leaf, the flower, the stone,
And kindles a fire within the heart.
For we are woven into this world,
Not separate from it, but part.

May we walk in balance and gratitude,
Honouring all that lives and grows.
And as the wheel turns onward once more,
Carry the wisdom the Solstice shows.
